## WORK EXPERIENCE

Executive Developer , EMPCLAIMS PVT LTD.

Sep 2022 - Present

- Developed and maintained responsive web applications using React, Redux, Bootstrap, and JavaScript
- Built and optimized backend services, developing RESTful APIs and implementing complex workflows using Node.js, Express, SQL, and MongoDB.

### Projects :

- **Bot Manager:** Designed and developed a tool to create, schedule, and manage bot instances that execute Python scripts. Implemented real-time data monitoring, allowing users to track live logs and ensure seamless execution of scheduled tasks (daily, weekly, monthly, or yearly).
- **Browser Extension:** Built an automated insurance verification system to streamline real-time eligibility checks across multiple PMS portals. The extension allows users to input patient details, verify insurance benefits, and access results with a screenshot reference, reducing manual errors and improving efficiency.
